

DNA WITH DIVERSITY

DUISPORT
LOKSERVICE

SALES DECK
JULY 2026

THE WORLD'S LARGEST INLAND PORT

Diversity is in our DNA. That's why we are one of the most important logistics hubs in Europe.

20,000
ships
processed

25,000
trains
processed

**100 million
tonnes**
of goods
handled

4 million
TEUs
handled

21
docks

10
container
terminals

200 km
Of pro-
prietary
tracks

~300
transport and
logistics
companies

52,000 workplaces
1,400 employees

130 crane systems
1,600 hectares of area

EUROPE'S TRIMODAL LOGISTICS NERVE CENTRE

Optimally and
internationally connected

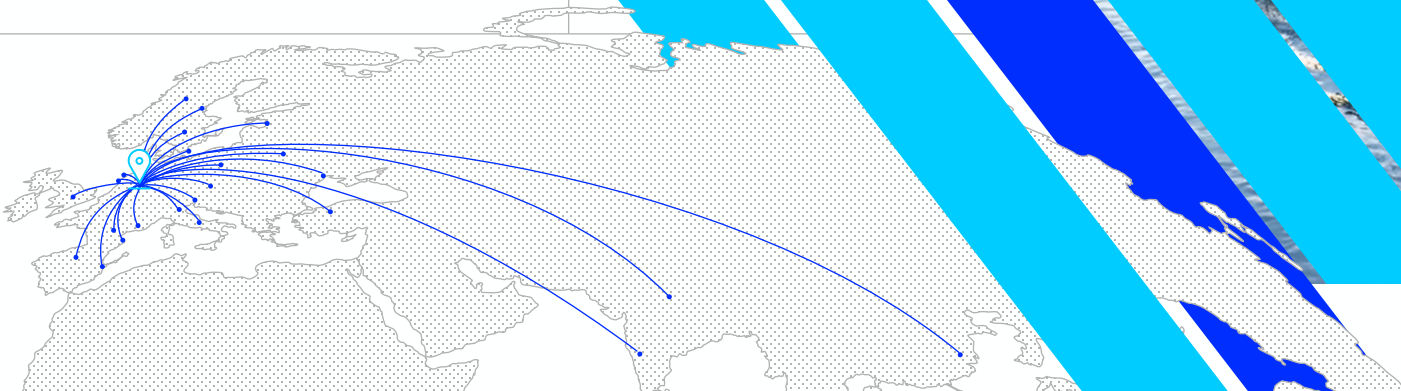

International
terminal participations

400
intermodal
connections to

100
destinations

**Global
locations**

in Belgium, the
Netherlands, Poland,
Turkey, India
and China

THE DIVERSITY OF OUR PORTFOLIO

This is what drives the efficacy
of our entire port organism
– from end to end

High-quality
**MAINTENANCE
SOLUTIONS**
for smooth operations

WITH NETWORKING AND QUALITY

YOUR CHALLENGES

Unreliable supply of materials, lack of replacement parts

Shortages of maintenance slots

High Costs in the Event of a Failure

On-time delivery of vehicles to the repair shop

Spare parts logistics with high availability

We maintain an adequate inventory to ensure we can service vehicles quickly, flexibly, and independently.

Planning certainty through coordination

Coordinate with customers in a timely manner and their needs and plans.

Direct line for quick response

Mobile teams, flexible scheduling, and direct points of contact ensure a high level of responsiveness.

Dedicated collaboration, including transportation coordination

Close cooperation with disport companies, for example, in the transport of customer locomotives to the Duisburger Lokservice (DLS) repair shop by disport rail (dpr).

OUR SOLUTIONS

WE KEEP YOUR LOCOMOTIVES READY FOR SERVICE – TECHNICALLY, ORGANIZATIONALLY, AND IN TERMS OF REGULATORY COMPLIANCE

Four strategies for maximum availability

Technical Expertise

Safe operating
condition

Mobile services

Availability in the
field

Coordination & Cooperation

Relief for our
Customers

Synergies within the duisport group

Capacities +
System integration

ALWAYS PRECISE, INCLUDING IN REGULATORY MATTERS

Regulatory inspections & approvals

- Initial and Follow up inspections
- §32 / §33 EBO inspections

Safety and traction systems

- PZB-Systems (I60R, Trainguard etc.)
- GSM-R inspection intervals
- Radio remote control inspection intervals

Brake and system inspection

- Brake inspection according to VDV 885
- Impedance measurements

Safety and traction systemes

- Preventiv (according to schedules)
- Korrektiv maintenance (incl. accident repairs)

Knowlegde and skills in the maintenance and inspection of the following train control systems:

- | | | |
|------------|------------|--|
| ■ MESA23 | ■ PZB ER24 | ■ other systems available upon request |
| ■ MESA26 | ■ BR0-BR3 | |
| ■ PZB I60R | ■ FFST | |
| ■ PZB TGBI | | |

Knowledge and skills in the maintenance of the vehicle series:

- | | | |
|----------|---------|---------------------------------------|
| ■ KM700C | ■ DE18 | ■ G800 |
| ■ V90 | ■ G6 | ■ G2000 |
| ■ V100 | ■ G12 | ■ Other series available upon request |
| ■ KÖFIII | ■ G1205 | |
| ■ DE501 | ■ G1206 | |
| ■ DE502 | ■ G1700 | |
| ■ DE12 | ■ G1000 | |

Duisburger Lokservice is certified to DIN EN ISO 9001:2015

Maintenance, servicing, and repair of locomotives in accordance with the Certificate of Conformity for Maintenance Functions pursuant to the **Implementing Regulation (EU) 2019/779**

Welding of rail vehicles and rail vehicle components in accordance with **EN 15085-2:2020+A1:2023**

Mobile Services

SO NO ONE IS LEFT BEHIND

**Mobile response team (within a ~150 km
radius of the port of Duisburg)**

**Maintenance of Diesel locomotives
in the Rhine-Ruhr region**

On-site maintenance and diagnostics

**Ensuring operational readiness
for workshop feed-in**

RELIEF ALL THE WAY

Process responsibility

- Maintenance planning and coordination
- Management of maintenance slots

Material & Availability

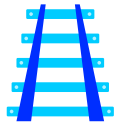

- Building up spare parts inventories
- Ability to respond quickly

Integration with transportation

- Coordination of the feed
- Complete processing with no effort required on the customer's part

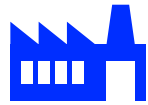

SKILLS AND CAPACITY THAT MAKE THINGS POSSIBLE

8

Indoor tracks

3

Through
pit track,
1 x 50 m and
2 x 20 m

3 x 100 t

Lifting systems

4

Indoor cranes
with a load
capacity of 10
metric tons each

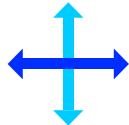

2,370 m²

Repair shop

8

Work tracks

256 m

Effective length

1,000 m

Additional
tracks at
the port

Integration into the duisport system

Access to infrastructure outside the workshop

Investments in repair shop infrastructure in 2026:

- Lifting jack system (manufacturer: Pfaff)
- Wheel Load Scale (manufacturer: WinTec Process)
- Impedance Measurement System (manufacturer: EA-Electronics)
- Shunting bogies (manufacturer: Halberstadt)
- Electric Shunting Vehicle (manufacturer: Zagro)
- Aerial Work Platform (manufacturer: Euroline)
- Tire Tread Depth Gauge (manufacturer: Hexagon | NEXTSENSE Typ CALIPRI)
- Sandblasting machine (manufacturer: MHG)
- 50 t Hydraulic press

CONNECTED WITHIN A STRONG ECOSYSTEM

MAINTENANCE AND INNOVATION

in the double helix of structured data

Lokservice

duisport's digital model integrates advanced digital solutions into port and logistics processes

From artificial intelligence (AI) to real-time data monitoring to augmented reality (AR).

Architecture & expertise

Digitalization of business processes

Data & analyses

Digital business models

Example actions

- **System Calipri:** Digital measurement of wheel profiles, directly integrated into our digital processes. This ensures compliance with industry standards and protects against errors and external tampering.
- **startport:** The innovation platform for logistics solutions connects startups with logistics companies.
- **RPIS:** RiverPorts Planning and information system for the digitalization of inland waterway shipping.
- **TrailerPort:** The BMVI-funded project is developing innovative solutions for the efficient integration of trailers into processes at inland ports.

duisport digital

RESPONSIBILITY WITH DIVERSITY

Sustainability as a driver of growth and competitiveness

Environmental

Multiplier and pioneer of the green transformation.

Example Landstrom:

A commitment to recognizing, valuing and incorporating diversity into the workplace.

Social

Highly skilled and diverse teams drive innovation and ensure we are fit for the future.

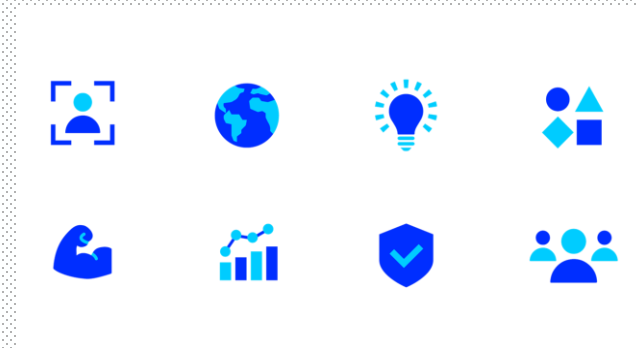

Example Diversity Charter actions:

Commitment to recognizing, valuing and integrating diversity into the world of work.

Governance

Values-based governance for sustainable decisions and long-term trust.

Example action in the development of culture and values:

Definition of 8 core values as part of the group-wide culture and strategy project.

More about
sustainability
at duisport

OUR ACTIONS ARE GUIDED BY OUR VALUES

Deeply rooted in our DNA

Employee-centered approach

We support and challenge one another

Sustainability

We take responsibility

Innovation

We shape the future

Diversity

We stand for fairness and diversity

Courage & responsibility

We move forward with courage and determination

Performance orientation

We achieve great things

Commitment

We are your reliable partner

Team spirit

We are an unbeatable team

REPLICATING SUCCESS TOGETHER
